

Epson

WorkForce® 310

All-in-One with Check Imaging

- Scan, print, copy, fax and image checks in a single device
- Ideal for small businesses processing up to 10 checks/day
- SureCapture check imaging software scans and formats checks to meet RDC requirements
- Optical resolution of 1200 dpi
- Fast print speeds of up to 36 ppm
- Faxes at a fast three seconds per page
- Copy, scan or fax documents with 30-page ADF
- 4 easy-to-use individual ink cartridges
- Built-in Ethernet with wireless capability

Now small businesses can get the advantages of an Epson All-in-One and the cost-saving benefits of RDC check imaging in a single device.

Epson's compact WorkForce 310 is the only All-in-One available today that offers easy-to-use SureCapture™ check imaging for Remote Deposit Capture (RDC) applications.

Versatile and cost-effective

Epson's WorkForce 310 All-in-One brings maximum versatility and value to small businesses who accept up to ten checks per day. In a single, low-cost device, you can scan, print, copy and fax documents and photos, plus capture check images for your RDC application.

Easy-to-use, check imaging software only from Epson

Now you can deposit checks anytime with Epson's WorkForce 310 with check imaging capabilities. Using Epson's patent-pending SureCapture check imaging software, you can capture up to three checks at a time. Just put the checks in a special sleeve and hit scan. The software automatically images, crops, aligns and matches both sides of the check, reads the MICR and sends the data to your RDC provider in their required format. It's that easy. And you won't have to buy an expensive standalone check scanner to get all the advantages of RDC.

Complete business center at your fingertips

With the WorkForce 310 small businesses can do more in less time than ever before. In addition to check imaging, it offers print speeds of up to 36 ppm,¹ crisp, clear printing with Epson's proven MicroPiezo® inkjet technology and built-in Ethernet networking with wireless capability. And you can copy, scan or fax stacks of documents easily with its built-in 30 page ADF. It also faxes at up to three seconds per page, even in color, and uses up to 70% less power than a regular laser printer.²

Epson quality and reliability

Engineered specifically to meet small business needs, the WorkForce 310 All-in-One delivers the outstanding quality and reliability that Epson is known for. It is backed by Epson's industry-leading service and support and includes a one-year limited warranty, quick product exchange and phone support, without charge for the life of the product.
