EPSON ENHANCES MOBILINK WIRELESS POS PRINTER **New Version Offers Enhanced Security, Ruggedized Design and Extended Warranty**

FS/TEC Show, Orlando, FL, February 4, 2009 –Today [Epson](http://www.epson.com), a leading supplier of value-added Point of Sale (POS) solutions, announced an enhanced version of its Mobilink™ wireless mobile receipt and label printer. With an improved ruggedized design, including a drop test rating of six feet, drop-in Zebra compatibility and enhanced security, Mobilink offers flexible, high-speed thermal printing, labeling, secure network support and exceptional reliability at a low total cost of ownership. The product supports both 802.11g with WPA2 security and advanced EAP-TLS authentication and Bluetooth™ wireless interfaces.

“By enhancing Mobilink, Epson offers even more reliability and security for wireless printing and labeling,” said Bud Weist, Vice President of sales and marketing, Epson System Device Group. “From line busting, tableside service and warehouse applications to route sales, shelf and product labeling, Mobilink offers the reliability, functionality and compatibility for a range of demanding mobile printing applications.”

Based on Epson’s best-selling TM-T88 series POS printer, Mobilink boasts the fastest thermal printing in its class and delivers an industry-leading 20-hour battery life in a compact, cost-effective, wireless unit. Receipt and label versions both offer 802.11g with WPA2 security and advanced EAP-TLS authentication or Bluetooth wireless interfaces. With a six-foot drop test rating, Mobilink is more ruggedized than ever and is now CPCL-compatible for easy drop-in Zebra replacement. Mobilink offers belt clip and shoulder strap options for maximum mobility and is now available with a 2-year warranty through Epson’s extensive reseller and distribution channels.
