

Epson

TM-T88IV

Receipt Printer

- High-speed printing of up to 7.9"/sec.
- 25% faster print speed than the TM-T88III
- Same fast print speed for both text and graphics
- Two-color printing of receipts including logos and marketing messages
- Ease-of-use features including drop-in paper loading, long-lasting autocutter and Auto Status Back messages
- Optional power supply case
- Two-year warranty

The TM-T88IV thermal printer is the latest model in Epson's best-selling TM-T88 printer series which is known for its high quality, innovative technology and industry-leading reliability.

Ideal for teller stations, the TM-T88IV offers quiet, high-speed receipt printing, two-color printing capabilities and multiple ease-of-use features all in a small footprint.

Fast one- and two-color printing of receipts and graphics

Now you can speed customer transactions with the TM-T88IV printer. It prints receipts at speeds of up to 200mm (7.9 inches) per second and, unlike other printers, the TM-T88IV prints text and graphics at the same fast speed. In addition, its two-color red and black printing capabilities can be used to reinforce your brand, highlight new services and call attention to special promotions.

Designed for ease-of-use and convenience

The TM-T88IV's small footprint is ideally suited for the teller station environment. And it comes with all the features your tellers need including fast, crisp receipt printing, easy, drop-in paper loading, an autocutter and Epson's ASB (Automatic Status Back) function that keeps tellers informed of the printer's status. It also features a built-in maintenance counter that tells you when to schedule routine maintenance.

Reliability you can count on

The TM-T88IV has the best reliability in its class. With a MCBF of 52 million lines, a MTBF of 360,000 hours and an autocutter life of 1.5 million cuts, the TM-T88IV printer delivers the outstanding reliability that is critical to keeping your teller lines moving and increasing your customer satisfaction levels.

Integration made easy

With Epson's wide range of exclusive Connect-It™ interfaces, the TM-T88IV is compatible with today's best-of-breed and component-based systems. Interface options are available for high-speed USB, serial, parallel, Ethernet and wireless.

Backed by the leader

The TM-T88IV features the quality and reliability that Epson is known for and is backed by Epson's two-year warranty and world-class service and support programs.
